

Painting by Mike Welton

With a lot of help from my friends,
I've moved into a purple house
across from Powderhorn Park.

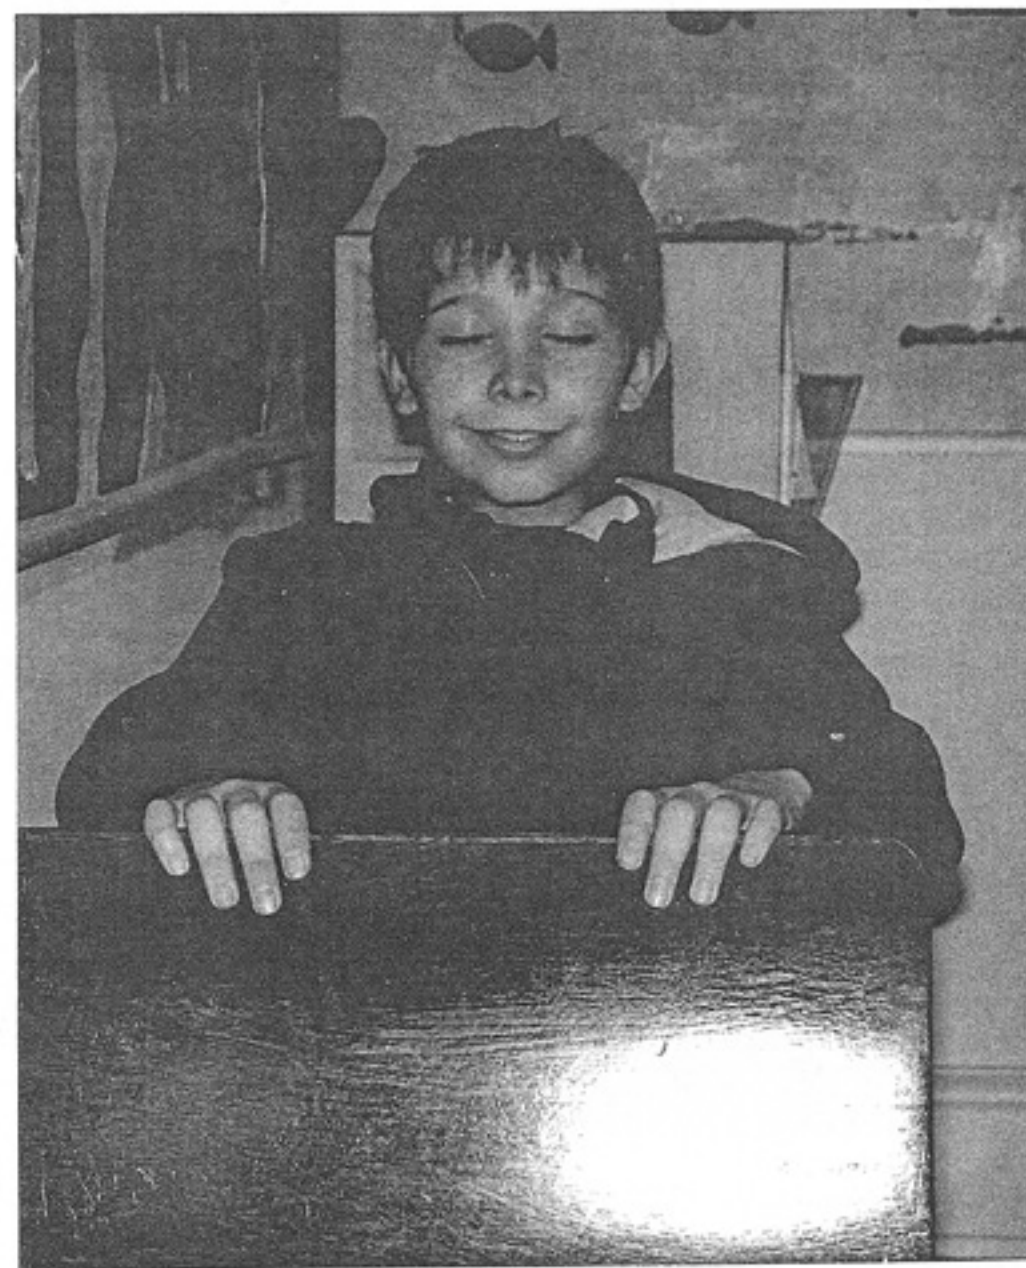

I loved my old neighborhood and
hadn't wanted to move. But now I've
got a great 100-year-old house that's
both solid and quirky, and wonderful
neighbors. As an added bonus, I can
actually afford to live here.

Sometimes life drags me kicking and
screaming through changes that turn
out to be good for me.

with his buddies on the internet, and noodle
around on his electric guitar. Ben is with
me every other week.

My Very Very Good Friend Cyndie
still lives in Michigan - for now.
